Dear Mr. Lee:

I would like to take the opportunity to thank you and Ms. Elaine Hui for the outstanding settlement of my claims with my insurance carrier. I felt that I should hire you earlier so that I did not have to go through all the hassels.

If I could be of help to you and your company in the need of a referral, especially in the Korean Community, please feel free to call upon me.

Thank you,

Sincerely,

Woo In Byun
