Dear Randy:

I want to take this opportunity to express my sincere thanks to the Greenspan Company and especially to you, Randy, for the way you handled the adjusting of the loss which we suffered in the 1986 flood in Rio Nido.

Your assistance and the competence of your Company relieved us of a tremendous amount of heartache at a time when our lives were in a state of chaos.

I will be only too happy to recommend you and your Company to others who have need for your services. They may call me direct if they want additional assurances.

Yours very truly,

Vincent P. Walsh
