Dear Bill:

While the Northridge earthquake is a faint memory, the work that you and your company did in assisting City Freeholds is not. As you know, the damage suffered was extensive and recovery from the insurers was made quite complicated on account of the numerous parties, their different insurance policies and their varying coverages.

You helped bring structure and sensibility to what would otherwise have been a chaotic situation. I appreciate the professionalism with which you approached representing City Freeholds, and I am amazed at the amount of detailed work you went through to construct a credible claim. City Freeholds is surely grateful. Personally, I appreciate the leadership role that you played in negotiating so many important aspects of the claim.

I hope we get the chance to work again.

Best regards,

Charles V. Thornton
